

The First Choice Of Knowledgeable FARMERS!

3 MB HYDRAULIC REVERSIBLE PLOUGH

SUPER HYDRAULIC REVERSIBLE PLOUGH

Shear Bolt Safety Protection:

Pushpak Super Plough is equipped with shear bolt device to avoid additional load such as stones, tree roots or rock edges. Replacement of new shear bolt can be done easily and quickly without suffering the work..

Center Adjustment Setting

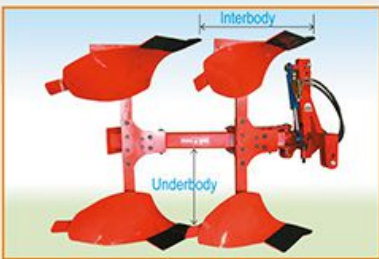

Center adjustment setting makes it easy to adjust front furrow width and tractor pull line independently of each other.

Working Width Adjustment

Different type of soil and moisture content, all have different demands for working width. For this easy and quick adjustment is given. It can be adjusted for 10", 12" and 14".

Underbody and Interbody clearance

Large Underbody and Interbody clearance avoids the blockages even at close settings for furrows.

Reliable Turnover and Infinite Angle Adjustment

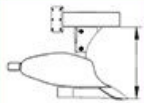

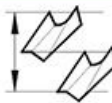

Pushpak Super Plough is equipped with hydraulic turnover device which gives precise, safe and quick turnover action. Also independent LH and RH work angle can be adjusted.

Mould Board

Super mould board is manufactured on unique dies to give smooth soil turnover, increase in fuel efficiency etc.

Technical Specification

Model	Under Body Clearance	Working Width	Working Depth	Distance Between two Working Point	Weight	Description	Power	
								
	cm	cm	cm	cm	Kg (Approx)		HP	Kw
SHP2-55	70	50 - 70	30 - 40	83	455	Two Furrow	55 - 65	40 - 48
SHP3-75	70	75 - 105	30 - 40	83	585	Three Furrow	70 - 90	55 - 66
